northern Argentina, equal to 30 per cent. of the

whole crop of that country, had been damaged

the slack cash business. December reacted to

Corn was quiet and easy, despite the wheat

strength, being affected by larger country ac-

respond fittingly to the finel bulge in wheat. The

wet weather caused but little covering among

a small local trade. Prices were steady, in sym-

Hogs About Steady at Previous Figures-Sheep Unchanged-Condition of Markets Elsewhere.

UNIONASTOCKYARDS, INDIANAPOLIS, Oct. 29.—Cattle—Receipts, 110; shipments none. As usual at the beginning of the week, the receipts of cattle were small and consisted principally of female butcher grades of just fairly satisfactory quality. Of necessity there was no urgent demand, but local killers took all of the fresh arrivals at quotably steady prices compared with the way equal kinds sold at the close of last week. Most dealers claimed that the outlook to-day favors a steady market for all choice stock in the near future. Quotations: Good to prime steers, 1,350 lbs and up-

Hogs-Receipts, 2,000; shipments, 1,100. Fully half of the hogs received yesterday and to-day were billed to other points and went out in firs hands. The supply on sale, however, was as good as the average at this time in the week, and the quality was not much different from that represented recently, although there were no heavy hogs that were as good as those at the extreme price Saturday. There was no inquiry from outside sources, but the demand from local killers was sufficient to exhaust the supply in good season, and sales were considered steady compared with the way equal kinds sold at the Good to choice medium and heavy ...... \$4.70@4.75 Mixed and heavy packing ...... 4.60@4.70

ments none. The usual quiet and sluggish conditions that generally characterize Monday's market in all departments were very pronounced today. Seemingly shippers to this market avoid being here on Monday, which is a mistake, as all stock will find sale on this day as well as any other. Buyers are never able to fill orders, especially for hogs, on Monday, on account of light supply. The market remains about steady for all good grades, with possibly a slight tendency to lower prices. The closing was easy, with all sold. Quotations:

Good to prime export steers.....\$5.50@ Fair to medium export steers..... 5.25@ 5.50 Fair to best butcher steers..... 4.80@ Medium to good feeders..... 4.25@ 4.1 Common to good light stockers...... 3.0000 Common to medium heifers...... 3.000 Fair to best cows...... 3.750 Common to medium light or heavy Veals .....Fair to choice fat bulls.....

The light supply was made up entirely of light and mixed grades of fair quality. While receipts here were very light, they were reported quite liberal and lower prices in the principal markets of the country, which caused a weak feeling here. The market opened at a shade decline, closing steady on the best grades of heavy, with rather a weak feeling on common light. All sold. Quotations: Good to choice heavy.....\$4.70@4.8

Politics in the Pulpit. To the Editor of the Indianapolis Journal:

I protest against the opening of our

city pulpits on Sundays for political speeches. According to the Journal's report, Rev. Mr. Comfort, chaplain of the Indiana Reformatory, made the most telling Republican speech of the campaign at the Mayflower Congregational Church last Sunday. In assigning the reasons for the decrease in the number of prisoners within butcher steers, \$3.75@5.35; steers under 1,000 lbs, the last three years he is reported to have said: "One reason is the splendid busi-\$263.75; Texas and Indian steers, \$364.65; cows ness activity that has been omnipresent throughout the length and breadth of one whole country during the last three years." Now, I venture to say there was not a Bryanite in the congregation that did not groan in spirit and kick inwardly at the KANSAS CITY, Oct. 29.-Cattle-Receipts, 9, 900 | announcement of this opinion. Only think stock and stock and feeding cattle steady to a that, proclaiming Republicanism from the shade stronger. Native steers, \$4.45@5.35; stock- pulpit where no one would dare to talk ers and feeders, \$3.40@4.35; butcher cows and back! That is worse than Dr. Quayle's announcement that he is a Republican because every sensible man should help the party that most nearly rep views on the questions at issue instead of going in a gang by himself or with thing, and as the Republicans come nearer representing his views than any other party that has any show of success, he is Republican without necessarily indorsing every detail of the party platform, or the words and deeds of all the candidates The scripture, which says "By their fruits you shall know them" was not made for

The physician who was called to attend Judge Yates said: "The illness of Judge Yates is not serious. He simply has a ba-cold.
